Professional Summary

My background is in backend development with PHP and Laravel, including clinical software and legacy applications. I have also built API integrations and administered systems for local businesses.

I now specialize in SAP ABAP Cloud, RAP and SAP BTP. My technical work connects CDS data models, business behavior and OData services with Fiori Elements interfaces.

I value understanding systems end-to-end and writing maintainable software. I continue developing my Python skills alongside my SAP specialization.

Professional Experience

PHP Developer | Mulhacen Soft

Apr 2025 - Jul 2026

Developed PHP and Laravel software in the clinical and healthcare sector, working across newer applications and legacy codebases.

- Built application functionality with PHP and Laravel.
- Worked on existing legacy projects alongside newer development work.
- Developed familiarity with clinical and healthcare software through these projects.

Application Developer | Systems Administrator | NAIRN TELECOM SL

Sep 2022 - Apr 2025

Developed web and mobile applications, process automation and system integrations alongside IT infrastructure administration.

- Built applications with PHP, Laravel, Node.js, Python, Java and Android, and integrated systems through APIs.
- Administered Windows infrastructure and Active Directory, including users, permissions and system maintenance.
- Managed technical incidents and support tickets with Jira and Asana.

Web Developer | Agilia Center

Mar 2021 - Jul 2022

Developed e-commerce features and payment integrations, working with a client from requirements analysis through delivery.

- Implemented features with Symfony, CodeIgniter and Node.js, including integrations with multiple payment gateways.
- Coordinated requirements and delivery through daily client meetings.
- Handled incidents with Asana and YouTrack and improved platform performance and usability.

Systems Administrator | ABACO S&M INTEGRALES SL

Nov 2020 - Mar 2021

Administered IT infrastructure for multiple local businesses, with hands-on support at client premises.

- Supervised systems and infrastructure across local companies.
- Diagnosed and repaired computer equipment during on-site support.
- Installed networks at client premises.

Additional Experience

Services Assistant | ServiSecuritas

Jan 2018 - Sep 2018

Online Sales | Comercial Eléctrica Onubense S.A. (Ceosa)

Mar 2017 - Jun 2017

Certifications

SAP Certified Associate - Back-End Developer - ABAP Cloud

SAP Certified Associate - SAP BTP Administrator

Education

Bachelor's Degree in Computer Engineering

Universitat Oberta de Catalunya (UOC) | 2025 - IN PROGRESS

Higher Technician in Web Application Development (DAW)

IES La Arboleda | 2019 - 2021

Official Spanish qualification - Ciclo Formativo de Grado Superior en Desarrollo de Aplicaciones Web.

Technician in Microcomputer Systems and Networks (SMR)

IES La Marisma | 2014 - 2016

Official Spanish qualification - Ciclo Formativo de Grado Medio en Sistemas Microinformáticos y Redes.

Technical Skills

SAP development: ABAP Cloud, RAP, CDS, OData, Fiori Elements, ABAP Objects

SAP platform: SAP BTP, BTP administration, Cloud Foundry, SAP Build Work Zone

Backend: PHP, Laravel, REST APIs, SQL, Python

Systems & tools: Linux, Git, Docker, Windows / Active Directory, Networking, Proxmox

Training Projects

Incident Management - SAP RAP

An incident management application built with RAP, with an action to close incidents and an OData V4 service for the Fiori Elements interface.

ABAP Cloud, RAP, CDS Views, OData V4, Fiori Elements

Pharmacy Management - ABAP OO

An object-oriented project modeling pharmacy products and operations through interfaces, inheritance and polymorphism.

ABAP Objects, Interfaces, Polymorphism

Rock Paper Scissors - SAP RAP

A RAP application with a custom Play action that runs game logic in the behavior implementation.

RAP, CDS, Fiori Elements

Python & Algorithms

Programming exercises covering algorithms, data structures and file handling, with a focus on problem solving.

Python, Data structures, Algorithms

Languages

Spanish: Native

English: B2 - Professional working proficiency
